

EXPERIENCE THE GROVE – MUSIC, BURLESQUE, AND MORE

Nestled between towering redwood trees at the heart of Northern Nights, you will find The Grove Stage. Simply referred to as "The Grove", this secluded forest oasis is a palace of pleasures, dripping in luxurious decor. Here visitors can escape the heat of the day and relax under the protection of the shaded redwood canopy.

At nightfall, this lounge of relaxation transforms into a Speakeasy style parlor amid a magical wonderland of lights, colors, and sound. Visitors can come to The Grove at night to sip on specialty cocktails at our redwood bar while enjoying an array of tantalizing performances. Musical entertainment in The Grove includes live jazz, bluegrass, eclectic and acoustic beats, electro-swing house, as well as Main Stage acts offering unique late night jam sessions. This intimate environment is also a prime setting for our frisky midnight burlesque shows, with saucy talent that packs the parlor to the brim. (See below for further details on our burlesque acts)

Whether visitors are hanging out in the Hookah Den, sipping a cup of tea at the Tea House, or sitting atop the Plush Kitty Castle overlooking the stage, The Grove is your pleasure hideaway at Northern Nights.
